Readers' Page

£1 for every item published on this page and £2 for the special Star Letter of the week. Send your entry to: TV Comic, Polystyle Publications Ltd., 382/386 Edgware Road, London W2 1EP.

Dear Editor

My name is Paul Redhead and I am eleven years old. My hobbies are drawing, modelling and fishing. Once, I caught an eight-inch trout in a brook near our house. Here is a photo of my catch. My favourite features are Dr Who, Roobarb and Basil Brush. I always look forward to Readers' Page.

Blaenau Ffestiniog, Gwynedd.

Fancy being able to catch a trout near your house! And — the picture proves it didn't get away! Did you eat it, Paul?

Dear Editor

My name is Stephen Welch. I am thirteen and I am writing to tell you about my scouts. I have been a scout for three years and I was a cub for three years. In cubs, I got my gold arrow and eight badges. Now I am a scout and I have four badges and my advanced scout standard. I am also an APL. I have a camp blanket which I take to camp. It has many badges on it from all over the world which I have swapped. I also collect woggles (they keep up your neckerchief.) I have three cub ones and two scout ones. I have an American woggle plus an Italian and an English 1957 Jamboree woggle. If I am lucky enough to win £1 I will try to buy the Australian woggle which my friend has.

Southampton, Hants.

You certainly haven't wasted your time in the scouts, Stephen. I get the feeling it can't be long before you're a full Patrol Leader. I hope you get your Australian woggle!

STAR LETTER

My name is Carolyn Metcalfe and I am eleven years old. I would like to tell you about my budgie who is called Chirpie. My brother has a bad cough at the moment and it makes all our family cross. While I was watching television he started to cough, but soon Christopher went out of the room and the coughing continued. Puzzled, I followed the sound and there sat Chirpie, imitating Christopher! My hobbies are dancing, gymnastics, reading, stamp collecting and making things. The stories I like best in TV Comic are Basil Brush and Tom & Jerry. TV Comic is great, so keep up the good work! P.S. If I win £1.00 some of it will go to the R.S.P.C.A.

Shipley, Yorks.

Not much sympathy for poor old Christopher, was there, Carolyn? I'm sure he didn't want to cough. Perhaps you'd better buy him some throat pastilles.

Poor Christopher Metcalfe had a dreadful bark,
If it tickled his throat, the looks were so dark,
When he coughed and he coughed until he was red,
Said sister Carolyn: 'Go up to your bed!'
Poor Christopher Metcalfe, went sadly away,
But the coughing continued, I'm sorry to say,
On account of a budgie, that's what I'm told.
Who thought he'd caught poor Christopher's cold.

I am twelve years old and my name is Kathleen Walsh. I have three sisters and a pet dog whose name is Scooby-Do. It is a female and she will do lots of funny tricks. My hobbies are swimming, reading and drawing. I have enclosed a picture of our dog and myself. I like TV Comic very much.

Liverpool, Lancs.

What a pity we can't see some of Scooby-Do's funny tricks. She certainly looks comfortable in your picture, Kathleen. I'm glad you like TV Comic.

My name is Lindy Moss and I am seven years old. I used to live in London but I moved to Wales, last summer. This is me with my neighbour's pony. I call him Beauty. I have a brother called David, who is eight years old. My favourite hobbies are collecting stamps and drawing birds. I have a cat whose name is Mish-Mish. Also, I have a guinea-fowl, which is a very beautiful bird. It has black feathers, with white spots, and a long neck, with a small head. My favourite stories are Roobarb, Barney Bear, Nelly & Her Telly and Dr Who. I like the crossword competitions, although some are a bit hard for me

Dyfed, Wales.

I think you're the very first owner of a guinea-fowl, Lindy. What an unusual pet. Expect a £1 postal order soon for telling us about it.

Dear Editor

My name is Tracey Roberts and I am ten years of age. I am writing to tell you about the day I lost my pet chicken, Chukie. I came home from school and found his cage empty. I went and told my Mother and she came out to help me look. We hunted almost everywhere, until my Mother heard a noise and we looked over the wall. There he was, pecking at the weeds in our next-door neighbour's garden! I went and asked if I could go in and catch him and she said: 'Yes'. I caught Chukie at last and locked him up in his cage. He is much older now; I also have a dog. If I win any money I will use it to buy presents for my animals and family.

Abercynon, Glam.

Sorry it's too late for Christmas presents, Tracey. But I'm sure your family and pets won't be too fussy.

Dear Editor

My name is Carolyn Colclough and I am writing to tell you about my guinea pig, who is called Tweeny. One day, I went to feed my guinea pigs when, in Tweeny's cage, I saw two little black things run across the cage. I blinked and looked again and I saw two babies. I called them Bubble and Squeak. My TV Comic favourites are Tom & Jerry, Basil Brush and Pink Panther

Bexhill-on-Sea, Sussex.

What a surprise! With two extra mouths to feed, you'll definitely be keeping an eye open for the postman, I'm sure, Carolyn.

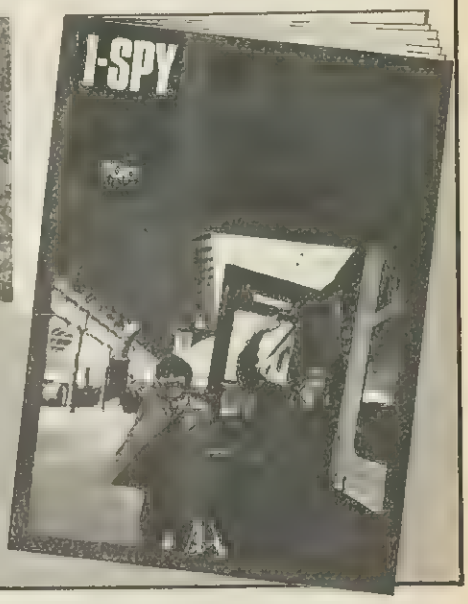
A cross word over a puzzle soon!

I-SPY the fastest train in Britain!

Travelling by train? You'll find 'I-SPY On A Train Journey' (price 10p) makes the trip more fun. It tells you, for instance, how to estimate the speed of your train; you use the mileposts which appear by the side of the track every ¼ of a mile. If your watch has a second hand, find out how many seconds it takes for the train to travel ¼ mile — that is from one post to the next. Then divide that number into 900. The answer is the speed of your train in miles-per-hour.

In 'I-SPY On A Train Journey' you can see 'Puffing Billy', now in the Science Museum in South Kensington, London. Along with its sister, 'Wylan Dilly', it's the earliest surviving full-size loco in the world.

Mileposts, like this one, appear every ¼-mile along the side of the track. Use them to calculate the speed of the train on which you are travelling.



BRITISH RAIL'S Advanced Passenger Train, known as the APT-E, on high-speed trials recently, travelled at 152mph, so it's the fastest train ever to run in Britain. The record for steam traction, by the way, is still held by 'Mallard' — 126mph, in 1938.

The APT-E is powered by ten 300hp gas-turbine engines; its four coaches contain complicated instruments and recording mechanisms which gather information to help the designers and engineers who are working on three similar electric prototypes being built for passenger services in 1978. These prototypes, each carrying 614 passengers, will run at a maximum speed of 125mph and cover the journey of 401 miles from London to Glasgow in four hours. The APT-E has coach bodies which lean inwards to counteract the curve of the line.

Look at the I-SPY books at your bookshop, or write for details to I-SPY, Wigwam-by-the-Green, 382/386 Edgware Road, London W2 1EP.

6 £1-50 book tokens to be won!

All set to pit your wits against another puzzle? Perhaps *you'll* win a prize, this time!

Senders of the first six all-correct entries to be pulled from the postbag after Monday, 9th February, 1976, will each receive a book token in the post.

Just cut out your entry — together with the completed coupon — and stick it to a postcard. Then send it to:— Prize Crossword, Competition No 48, TV Comic, Polystyle Publications Ltd., 382-386 Edgware Road, London W2 1EP. Be sure to use a postcard OR YOUR ENTRY WILL BE CONSIDERED INVALID.

The answers to Prize Crossword No 48 will appear in TV Comic No 1263 (dated 28th February, 1976) and the six prizewinners' names will be printed in Issue 1269 (dated 10th April, 1976).
